

# ARTEMIS

## Biological Nitrogen and Phosphorus Efficiency

For use in Agriculture, Horticulture, Forestry, Turf, Ornamental, Home and Garden

### CONTAINS NON-PLANT FOOD INGREDIENTS

Guaranteed Analysis - Soil Amending Active Ingredient(s):  
1% .....Bacterial Blend

*Curtobacterium salicis* ..... 1 x 10<sup>6</sup> cfu/ml  
*Pseudomonas siliginis* ..... 1 x 10<sup>6</sup> cfu/ml  
*Sphingobium salicis* ..... 1 x 10<sup>6</sup> cfu/ml  
99%.....Total Other Inert Ingredients (Water)

### DESCRIPTION:

ARTEMIS is a bacterial endophyte product, which contains a unique blend of two nitrogen fixing endophyte strains and a phosphorus mobilizing endophyte strain that can enhance plant mineral nutrition.

### STORAGE & HANDLING:

Do not contaminate water, food or feed by storage or disposal. Store in original container in cool, dry area and out of direct sunlight. Keep container closed when not in use.

### CAUTION KEEP OUT OF THE REACH OF CHILDREN AND PETS:

Wear eye protection and rubber gloves when handling. Do not swallow. Do not ingest. May be harmful or irritating to eyes, skin and respiratory system. Avoid contact with skin or eyes. Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

### DENSITY:

8.4 Lbs per gallon (1.0 kg per liter) at 68°F

#### Net Contents (Weights):

[ ] 2.5 Gallon (21 lbs) / 9.46 liters (9.46 kg)

[ ] 200 gal. (1680 lbs) / 757 L (757 kg)

#### Batch Date:

#### Expiration Date:

Product is guaranteed effective up to the "Expiration Date" stamped on this label.

### DIRECTIONS FOR USE:

Every crop and farm is different. Check with your crop consultant for specific application recommendations.

- **Application methods:** Foliar, in-furrow, fertigation, drip irrigation, and soil injection.
- **Application timing:** Check our website for application timing of different crops.
- **Application rate:** Selected crops highlighted in the table below:

CROP	RATE (fl oz / acre)	RATE (liter / acre)
Wheat	16 to 32	0.5 to 1
Potato	16 to 32	0.5 to 1
Corn	16 to 32	0.5 to 1
Canola	16 to 32	0.5 to 1

### COMPATIBILITY:

Do not tank mix with toluene, copper, antibacterials or surfactants that are used to reduce microbial growth. This product is compatible with most fertilizers, adjuvants, surfactants, herbicides and pesticides. Check with your crop consultant about other tank mixes or co-application.

### WARRANTY:

Since weather, crops, soil types and other conditions may vary, neither **Intrinsyx Bio**, nor the Seller make a warranty of any kind, expressed or implied, concerning the use of this product.
